

## THE ROUTE OF PARADE

ARRANGED FOR THE PROCESSION

Smoker for the Mounted Police—  
Eighteen Hundred School Children  
to March—Meeting of Committee  
To-Night.

The general inauguration committee met on Saturday evening, but as Commissioner Perry, of the R.N.W. M.P., had not arrived, the program could not be arranged, but it will probably be completed at tonight's meeting. A good many details were arranged at the meeting on Saturday evening though, and everything is now well under way to completion.

Messrs. A. B. Campbell and W. H. Cooper were appointed as a committee to engage men to repair the roads in the suburbs of the city which are in rather bad condition.

A grounds committee, consisting of Alderman May, J. H. Gariepy, W. S. Robertson and Alderman Bellamy, was appointed to take charge of the grounds and complete all the necessary arrangements for the day. Alderman Griesbach was appointed to arrange for fire protection on the exhibition grounds.

It was arranged that the special accommodation committee, Messrs. Fraser, Mercer and Kennedy should arrange with Mr. Theo. Revillon for the fitting up of Revillon Bros. new warehouse with sleeping accommodation for visitors to the city. Mr. Revillon having kindly granted the use of the building for that purpose.

It was arranged that an information bureau should be opened on Jasper avenue, where information would be furnished to visitors.

It was decided to entertain the Mounted Police at a smoker to be held tomorrow evening in the large hall on the exhibition grounds, and a committee consisting of Alderman Griesbach, A. Hopkins, and G. H. Graydon, was appointed to take charge of the arrangements.

Mr. T. W. Lines informed the committee that about 1800 school children would march in the procession. Arrangements were made in connection with the children's part in the program. They are to march in the procession and are to occupy a position in front of the platform, on the track, during the swearing-in ceremony, when they are to sing the Maple Leaf. Before the speaking begins they are to march over to the main exhibition building for their luncheon, giving place to others who wish to hear the speeches.

An ambulance corps and hospital tent is being arranged by Dr. Ferris in case of any accident among the children.

The order of the procession has been arranged as follows: Flag escort, band, R.N.W.M.P., old timers, mayor and council, medalists and South African veterans, band, school children, farmers' associations, trades unions, band, national societies, sports, lacrosse, baseball and polo, band, citizens. People can join the procession riding, driving or on foot.

The route of the procession to be as follows: To start at the immigration hall on Jasper avenue, go west to McDougall st., south on McDougall to College avenue, west on College avenue to Second street, south on Second street to Victoria avenue, west on Victoria avenue to Third street, north on Third street to Jasper avenue, east on Jasper back to McDougall street and south on McDougall street to Ross grade and on down to the exhibition grounds. Nine o'clock is the hour set for the assembling of the hosts who are to join in the procession and everybody interested is requested to appear as promptly as possible.

The secretary and treasurer were instructed to pay out money necessary for current expenses on the requisition of the chairman of the committee requiring the same. It was decided to grant \$20 toward the decoration of the Alberta College which is to be used as headquarters by the reception committee.

The general committee meets tonight in the council chamber and will meet again on Wednesday evening when the arrangements will be complete. For the ceremony of making Alberta a full-fledged province in the confederation of the Dominion of Canada. A full attendance is requested at both these meetings, as it is important that no details be overlooked that might mar what promises to be the greatest celebration that has been in the Canadian West.

## THE CZAR'S ULTIMATUM

MAY BREAK UP CONFERENCE

Nicholas Will Pay No Indemnity—  
Plenipotentiaries Meet To-Morrow  
Possibly for the Last.

Portsmouth, N.H., Aug. 28. — On Saturday afternoon the ultimatum of the Czar was received by M. Witte and was informally made known to the Japanese plenipotentiaries. At the suggestion of the Japanese the meeting was then adjourned till Monday afternoon, but subsequently the time was extended to Tuesday afternoon to permit the Japanese representatives to communicate with their Government regarding the new turn of events. The Czar declares that under no consideration will he consent to the payment of an indemnity or anything that in any shape or form can be construed as an indemnity. He is willing however to pay liberally for the expenses of Russian prisoners in Japan and to surrender the southern half of Sakhalin Island. These terms are generally regarded as impossible of acceptance by Japan and the meeting on Tuesday will probably be only for the purpose of breaking off negotiations. It is considered impossible that Japan can surrender so much of the fruits of victory. It is rumored that Witte after the manner of Disraeli at the Berlin conference, has secured a berth on an outgoing steamer on Wednesday next.

## A FRENCH VIEW

Paris, Aug. 28.—Le Matin declares that the indemnity question is the only thing that stands in the way of peace and appeals to John D. Rockefeller as the richest man in the world to demonstrate the value of great wealth in a single and conscientious hand. Up to the present no answer has been accorded to this cable.

## GRACE CHURCH OPENING

REV. G. W. KIRBY OF CALGARY  
PREACHED.

Subscriptions Amounting to \$2306  
Were Received—A Platform Meeting  
Held in the Afternoon.

The congregation of Grace Methodist church was rewarded yesterday for their faith and pluck in beginning the erection of a new church some three months ago at a cost of about \$83100 while a debt of \$87500 remained upon the mission hall they had erected a year ago, and beginning the work without a dollar subscribed toward the payment of the debt or the erection of the new church. No person was asked to subscribe, until yesterday when the church was formally opened; when \$1500 was asked for and \$2266 gladly received. The generosity of the people was a pleasant surprise to the congregation and the ministers present yesterday. The eloquent voice of Rev. G. W. Kirby, of Calgary, made the appeal and the people present responded in a most liberal fashion.

The church, which is a very nice building, handsomely finished with B.C. fir, will seat between 350 and 400 people, and has literally packed at both service and at the platform meeting yesterday. In the morning Rev. G. W. Kirby preached and Rev. C. H. Hensley, chairman of the Edmonton district, performed the dedicatory ceremony. Rev. Dr. Hensley, of Halifax, and Rev. A. E. Tuttle assisted in the service.

Rev. C. H. Hensley presided at the platform meeting in the afternoon and addresses were delivered by Revs. Dr. Hensley, Douglas, Clark, Reekie, Hagar and Tuttle.

In the evening Rev. G. W. Kirby preached and was assisted in the service by Rev. A. E. Tuttle, pastor of the new church. (Both sermons by Rev. Kirby were eloquent efforts and were very much appreciated by the people assembled for the church opening. Rev. John Potts, D. D., of Toronto, preaches in the church next Sunday morning.

## G. T. P. CONTRACT LET

The contract for the complete construction of the road bed (other than steel bridges) ready for ties and rails, upon that section of the Grand Trunk from Portage la Prairie to Touchwood Hills, N.W.T., (275 miles) was awarded Wednesday at the office of Frank W. Morse, to the McDonald-MacMillan company, of Westbourne, Manitoba. The members of the successful firm are Mr. D. McDonald and Messrs. Alexander, Maholm and Colin MacMillan, and is a purely Canadian organization, well and favorably known in the North West. It is a matter of congratulation that these hustling Canadians were able to make a tender that justified the awarding of this contract to them, over that of any American contractor, many of whom send representatives to bid on the work and indicates that Canadians will doubtless manage to obtain the greater portion of the construction work to be done on the new trans-continental line.

McDonald-MacMillan Co.'s entire outfit of 400 mules, scrapers and other necessary appliances are now in Portage la Prairie ready to start work this week.

## G.T.P. WILL LOWER RATES

The Grand Trunk Pacific will have the shortest route between Portage la Prairie and Edmonton, according to a statement made by Mr. Frank Morse, vice-president and general manager. The line will run directly through the fertile belt, midway between the Canadian Pacific railroad, main line on the south, and the Canadian Northern on the north. The table of distances from Winnipeg to Edmonton are 1,464 miles by the C.P.R. 825 by the C.N.R. and 720 by the G.T.P.

The new line will travel between these two points almost as straight as the crow flies. Up to date it has been located for a distance of 275 miles west of Portage la Prairie. This location has been approved by the governor-in-council. Within a few weeks the company will be ready to submit the location of 450 miles more which will carry the road into Edmonton.

Complaint is made that in places it will go too close to some of the branches and to the main line of the Canadian Pacific. "This," said Mr. Morse, is unavoidable. Parliament desired that the Grand Trunk Pacific should, as far as engineering limitations would permit, run in a bee-line from Moncton to the Pacific coast. This program will be fulfilled to the letter.

The Canadian Pacific and Canadian Northern had apparently made up their minds to divide this splendid territory through which our main line will run between themselves and to serve the settlers who might gain between the branch line only. It is far to important a tract of country to be treated in that fashion.

"It is idle," Mr. Morse continued, "for our Canadian Pacific and Canadian Northern friends to plead the sanctity of vested interests in private main lines and branches—Which have been handsomely subsidized in cash and lands by the people—against the present overwhelming demand for competition. In the Province of Ontario these two roads are in many places paralleling the Grand Trunk, running within sight of it for miles at a stretch, yet the Grand Trunk has in no single instance appealed to the Government for protection. The Grand Trunk recognizes that the people of Ontario demand and are entitled to competition. Surely the people of the North West have a right to the same consideration."

Regarding the application of Brandon, Regina, Calgary, and Prince Albert to have main line connections, Mr. Morse said the company would be glad to put every western town, if that were possible, on its line, but it was impossible to deflect a railway up and down the country. These and other towns would be placed on well equipped branches, and they would be given lower rates than they have today.

Mr. Morse will go to Fort William shortly to attend the ceremony of turning the first sod. Immediately afterwards work will be commenced on the west.

## SUNDAY KEEPING

Editor Bulletin: Namsa, Aug. 28.  
Dear Sir—With little reasoning some contributor would persuade us that there is no Biblical authority for Sunday Keeping; that no one even pretended any divine authority for it prior to 1595, and that its origin

was due to Gentile converts bringing into Christianity their heathen weekly holiday. He does not however prove that the original Sabbath was Saturday. For several years Rev. C. M. C. has had arguments before the public to prove that it was not; yet no Saturnalman has attempted to reply to them. Neither does he prove that the heathen had a weekly religious holiday. Sunday was sacred to the sun, but each day was sacred to some deity. I admit that sun worship was the oldest, and perhaps the most general, but it will be difficult to prove that Sunday was generally observed as a religious holiday. Nor yet does this prove that there is no Biblical authority for Sunday keeping. How, for instance, would he rule it out of Acts 20: 6-12?

It is clear that—  
(a) The first day was the regular day of worship in the Christian church at Troas. It was not the evening of the Jewish Sabbath, for the first day was only regarded as beginning at the following dawn. See Matt. 28:1 etc.  
(b) As this custom excites no comment, it is clear it was general and had the sanction of Paul.

Yours sincerely,  
W. J. CONOLY.

PARADE ON WEDNESDAY  
EVENING

Two Hundred and Eleven Officers and Men, 208 Horses and Four Field Pieces

The Mounted Police arrived in the city about 3 o'clock on Sunday morning after spending twenty-four hours on the way from Calgary to Edmonton, which speaks volumes for the service of the C. P. R. After breakfast the work of unloading commenced and in a very short time the horses were comfortably stabled and the men esconced in their quarters.

They have quite a village of white tents south of the race track on the exhibition grounds. The general hospital dining room is used for the officers' mess and that of the public hospital for the men. The fair directors' office is utilized for an office for the officers. The company consists of 211 officers and men, 208 horses and 4 field pieces, and is in charge of Commissioner Perry. The other officers are, Assistant Commissioner McIlreath, Superintendent Saunders, Primrose, Wilson, and Bezin, and Inspectors Davidson, Clureh, Parker, Alford, Grant, Shaw and Knight. Miss Perry, daughter of the Commissioner, and Miss McIlreath, daughter of the Assistant Commissioner are also in the city for the inaugural celebration.

The police are delighted with Edmonton and its surrounding hills and trees, the prosperous-looking city and its wealth of surrounding natural resources.

The military parade and game of push ball by the police on Wednesday evening will be attended by a large number of citizens. The parade and the musical ride will be prominent features of the inaugural celebration.

## INAUGURAL PROGRAM

Commissioner Perry, of the R. N. W.M.P., met the chairmen of the different committees today at noon to arrange the program for the proceedings on Friday. The Mounted Police have kindly consented to give a military parade and play a game of pushball on Wednesday evening at 6:30 o'clock.

On Thursday evening the concert and reception will be held in the rink.

On Friday the parade to the grounds will be from 9:30 to 11 o'clock. A military review will take place from 11 to 11:45, the swearing-in of the Lieutenant-Governor will take place at 12 o'clock and immediately afterwards a salute of twenty-one guns will be fired. The speeches will immediately follow. The base ball game will be played from 1:30 to 2:30, followed by a musical ride by the E. N. W. M. P. The lacrosse game from 3 to 4:30 p.m. and polo will be played from 4:30 to 6 p.m. The ball will then be given in the evening which will complete the inaugural celebration of the Province of Alberta.

## BLUEJACKETS GIVEN A SEND-OFF

Ottawa, Aug. 27.—The visiting blue-jackets of the British squadron were given a hearty send off when they left tonight for Toronto. A new cavalry regiment is to be formed in Alberta with Major Walker of Calgary formerly of the Mounted Police as commander.

Miss Florence Irvine of Calgary gives notice of an application for divorce from her husband James Irvine a baker at present in Connecticut Ohio.

## INAUGURAL HINTS

Are lamps are being installed in the arches to illuminate the decorations.

The general inaugural committee meets tonight. A full attendance is requested.

The Imperial Bank and Canada Permanent buildings are being decorated with electric lights.

Remember this is Edmonton's patriotic effort as the provisional capital of the new province of Alberta.

Work was begun today towards improving the roads in the vicinity of the city before September first.

Flags and bunting should not be spared in the decoration of business places and homes for inaugural day.

Two very fine arches are being erected in Strathcona, one opposite Douglas Bros., and the other opposite the Windsor hotel.

Clean up! brighten up! and get ready to have your premises as well as yourself wear glad clothes on the first.

Indications are that every town down the line will send a very large delegation of citizens up for the celebration.

A load of grain was brought in this morning to decorate the arch at the corner of Macdonnell street and Jasper avenue.

The barometer is falling some today but the enthusiasm of the citizens is not going down. We will surely have good weather on Friday.

The lights are being strung on the arch in front of the fire hall this morning. The firemen's arch is going to be a thing of beauty if not a joy forever.

Only three more days of preparation for the celebration. Don't put off till tomorrow what you can do today toward completing the arrangements.

If somebody doesn't get a hustle on, the bare bones of the arches on Jasper avenue, will be exposed to public view on September 1. Every particle of the frame work of the arches should be completely covered.

## BAGGED BIG GAME

On Thursday of last week two young men left the city to go duck shooting. They had a horse and buggy and two guns. When out of the city five or six miles, a coyote crossed the road in front of their horse. This was not the kind of game they were after, but it is no wonder they became excited and determined to bag it anyhow. Each grabbed for his gun and in the nervous excitement of the moment, one gun went off and shot the horse dead.

There is very little to add except that they got out of the buggy and sat on the grass, probably to view their handiwork in a better light and to reflect on how to get back home or to the place to shoot ducks.

**MR. RUTHERFORD AT MEDICINE HAT**

Medicine Hat News: Mr. A. C. Rutherford of Strathcona, who has been selected as the leader of the Liberal party in the province of Alberta, spent Friday and Saturday in town and made the acquaintance of a large number of his supporters in Medicine Hat. The impression which Mr. Rutherford created was distinctly favorable. He is the most approachable of men and his wide knowledge of constitutional law makes his selection as leader, a most happy one, as the new province will need a steady hand and strong head at the wheel when embarking into the stormy seas of autonomy on September 1.

It is said that Mr. Rutherford is not an orator, maybe isn't, but oratorical ability, though a factor in the success of a public man is by no means as essential as some other attributes, and the new leader's strength of character and unquestioned ability along other lines will carry him considerably further than the possession of the knack of stringing a few high-flown sentences together to catch the plaudits of the public for a few fleeting moments. If not an orator, Mr. Rutherford has a way of throwing a very clear light on any subject which is under debate, and after a conversation with him it is easy to understand how an opponent would hesitate before attempting to gloss over facts with eloquence when in the presence of a man possessing the analytical acumen of the new leader.

The popularity of Mr. Rutherford's selection by the Liberals of Alberta is evidenced by the fact that he took office without opposition, having the united support of the entire party. He is a lawyer by profession and practiced for some years in Ottawa before coming out to the West. For the past decade he has been a resident of Strathcona, where he enjoys a large and lucrative practice. The bluff and hearty characteristics of the typical westerner have come to him naturally, and when he shakes you by the hand you feel that the friendship of such a man would be a valuable asset at any time.

In Mr. Rutherford's opinion the provincial elections will not be held until late in the year, as the government will have a lot of work to get out for it in organizing the different departments. It is rumored that Mr. Rutherford's visit to the Hat was prompted by a desire to ascertain Mr. W. T. Findlay's decision in regard to accepting the portfolio of Minister of Agriculture in connection with the new government. Whether the rumor is correct or not, no mistake would be made in selecting Mr. Findlay for the appointment, as his qualifications eminently fit him for a seat in the Cabinet.

Mayor Foster took advantage of Mr. Rutherford's visit to drive him around the town and exhibit its resources, pointing out the great need existing for a traffic bridge across the Saskatchewan. The Mayor also explained that the Medicine Hat depot which recently visited Ottawa had been informed that this matter would come within the purview of the new province. Mr. Rutherford appeared convinced of the necessity existing for the bridge, and went thoroughly into the question asking to be driven to the proposed site and inquiring minutely into the matter of the estimated cost and the engineer's report thereon.

—Regina Standard: The whole C. P. The first indication the Regina offices had of the trouble was two heavy flashes of electricity in the office, and the switchboard in the office was struck. The wires were soon grounded, however, and the fire extinguished. In Moose Jaw the experience was the same. When the lights went out, as they did all over Regina, and the two wires came in contact, the electricity was flashed into the Moose Jaw office, and the switchboard there took fire.

## BINDER TWINE WANTED

The scarcity of binder twine in the city during the past few days has been quite a serious matter. The large crop this year is making the demand for twine two or three times as large as it was last year. The crops lately have also ripened very fast. Fields that ten days ago were counted upon as only green feed are now almost white unto harvest and will give a good yield of grain. A visitor to the Stony Plains section last week says that many binders are standing idle for the want of twine and by the middle of this week the loss of grain by sheafing would be considerable.

City firms handling twine are endeavoring to cope with the situation and will have twine on the way which they expect early next week. The Bellamy Co. and Great West Implement Co. got some 9,000 pounds down the line which was shipped into the city Saturday morning. The firms say that they are selling more twine for cash this year than ever before.

All the farmers are paying for their twine the day they get it.

From every section comes the same story about the crops. The yield promises to be excellent and the indications are for a harvest that will make the farmers in this district rejoice.

## LOCAL

—Percy S. Hook has returned from his summer vacation at Cooking Lake.

—G. J. Welbourne of Winterburn brought a fine vegetable marrow to the Bulletin office on Saturday.

—Fred Doherty who was driving Revillon Bros. team when it ran away on Saturday, had his ankle badly sprained.

—The Hendersons of Strathcona brought two quarts of splendid Alberta produced honey to the Bulletin office today.

—J. E. Radcliffe came to the city on Saturday evening and is staying at the St. Elmo. He may remain in the city until the end of September on account of King's reprieve.

—The S.O.E. will present a Union Jack to the pupils of McKay Avenue school on Wednesday at 11 a.m. All members are requested to be present.

—The light erected at the end of the steel bridge is a beacon light to after night travellers that is very much appreciated. On cloudy nights this end of the bridge was dangerously dark heretofore.

—The mounted police have received a consignment of over 500 Ross rifles. This is the new gun with which the force is being re-armed. It is said to be a much superior weapon to that used in the past in the force.

—Teams from the Edmonton cricket club and the R.N.W.M.P. play on the exhibition grounds tomorrow afternoon at 2 o'clock. The officers of the police will be glad to meet their friends at tea in the mess room during the afternoon.

—The work of decorating the rink is progressing rapidly. Some 5,000 yards of bunting is being used and over 600 electric lights have been put up. A floor has been laid in the curling rink where the ball supper will be given and some 200 lights are in stalled there.

—The final rehearsals for the inaugural concert will be held in the rink this evening and Wednesday evening; male chorus at a quarter to eight; Orchestra at 8 o'clock and mixed voices at 8:30. A full and punctual attendance of all members of chorus and orchestra is expected.

—The arch at the Imperial bank building is to represent the products of Alberta. The wood work is to be covered with grain and two of the supports are to be encased with pressed brick and tile from Anderson's brick yard and the other two with coal from the Home Coal company's mine.

—The little daughter of Mr. T. Gunn of Hudson's Bay Company, of Lac Ste. Anne, who happened with the shooting accident last week, is some better, and hopes are now entertained for her recovery. Dr. Tierney, of St. Albert, has been in continual attendance since the accident.

—The offer of the R.N.W.M.P. to give a military parade on Wednesday evening is one that will be very much appreciated by the citizens of Edmonton. Everybody likes to see a military parade and the city will be out in full force on Wednesday evening. The police are also going to give an exhibition game of push ball. This is played with a ball some eight feet in diameter which is pushed about by the horses somewhat like football.

—Roadways are becoming very frequent in the city of late. Fortunately no serious damage has been done by most of them but some persons will be surprised and seriously injured, if not killed, if more care is not exercised by these driving horses. Teams are left standing without a driver very frequently. Especially while these arches are on the street, those driving horses should not leave them standing untied.

—The inaugural committee have decided to give a smoking concert to the visiting non-com-officers and constables of the North West Mounted Police. It has been requested that the R.N.W.M.P. and the Imperial Service Medal Association set as hosts and a large turnout of these is requested. The concert will be held at the mess room on the exhibition grounds tomorrow night (Tuesday) at 8:30 p.m. The committee appointed to look after the arrangements are Messrs. G. H. Graydon, A. E. Hopkins and W. A. Griesbach. Clark's orchestra has been engaged, and also a good program has been arranged and a good evening's enjoyment will be had. The invitations extend to all ex-R.N.W.M.P. and the Imperial Medal Association.

## SERIOUS ACCIDENT

Mr. S. Fisher, mail driver from Stony plain, was loading his wagon at Revillon Bros. warehouse on Saturday when his horses became frightened and ran away. They ran down Second street hill, throwing Fisher out against the fence and breaking his leg. The unfortunate man is now at the general hospital nursing the broken limb.

## PRESIDENT C. N. R. COMING

Mr. Wm. McKenzie, President of the C.N.R. and party in which is Mr. Byron E. Walker, manager of the Bank of Commerce, will arrive at Vegreville on Wednesday morning. Mr. Pace has sent three double rigs out from the city to meet the party and drive them in to Edmonton. The party will reach this city on Thursday evening and will attend the inaugural celebration on Friday.

## GRADING OUTFITS

Gulfsouth Bros. grading outfit went through the city this morning to begin work on the Morinville branch of the C. N. R. Two other grading outfits went through on Sunday.

Work will be commenced almost at once and the grading of lines north and west will be continued as long as the weather will permit. As quickly as the outfits now working east complete the part they now have in hand, they will move to the lines west and north.

Dr. Oliver, C.N.R. physician, came in from the east yesterday and is now with the camps west of the city.

—Calgary Albertan: C. W. Fisher, M.L.A. of Cochrane, the present member for Banff, will be the Liberal candidate for Banff at the coming Alberta provincial elections. Mr. Fisher has been representative for Banff for the last three years, and has been a very able representative. He is a merchant at Cochrane with very extensive interests. He will poll a very large vote and is pretty nearly certain of election.
